

## Step-by-Step Instructions (How to Sign Up for Personalized Daily Listing Alerts)

Thank you for showing interest in our Daily Listing Alerts. By following the steps presented below, you will be able to customize the alerts for your specific needs.

### FIRST:

The screenshot shows a search interface with two tabs: "Search" and "Results". The "Search" tab is active. Below the tabs are several filter sections:

- City, Community, Tract, Zip:** A text input field with a red minus icon and the text "Castle Rock" below it.
- Price:** A range selector with input fields for "\$ 500,000" and "\$ 750,000", and a bar chart below.
- Beds & Baths:** Two range selectors for "3 + beds" and "3 + baths", each with a bar chart below.
- Home Size:** A range selector with input fields for "3,050" and "3,950", and a bar chart below.
- Lot Size:** A range selector with input fields for "0" and "20,000+ sq ft".

Fill out all the search criteria that you want your daily listing alerts to match. After you have specified all of the necessary search parameters; select the **Search** button at the bottom of the screen.

After hitting the search button the results will display on the left hand side. If there are no results at this time, that is OK. You can still proceed to get daily updates and find out the **MOMENT** a home comes on the market matching your parameters.

## SECOND:

Save This Search

Click the **Save This Search** button found below the search results.

When you click this button a **Registration** form will pop up. This is required for you to receive your daily listing alerts. Fill out all the fields marked by a red star and hit finish.

Once you have completed these two steps, you will begin to get daily email updates with any new properties that match your saved search. If you choose to **Save** multiple searches, then you will get multiple emails each day (one email for each saved search).
